### Product Data

Hygienic, flexible, compact – in no other working environment will you find requirements as strict as those in the laboratory. Laboratory chairs from Bimos not only adapt to the postures typically found in this area, i.e. the forward-leaning position at the microscope, they also boast hygienic design and compact construction. They can also be flexibly adjusted without confusion. These are seating solutions that thus adapt perfectly to the special challenges faced by laboratory workers.

Simple yet intelligent - Labsit is the clever all-round solution for sitting in the most innovative environment there is: the laboratory. Boasting a hygienic design, compact dimensions, ergonomic construction and user comfort, the Labsit masters all the challenges faced by the modern laboratory chair. The same, of course, applies for the flexible laboratory stool from the same collection.

- Labsit 2 laboratory chair with castors
- Artificial leather
- 3D-flex function of the backrest
- Flex function on the front edge of the seat
- Seat shell in different colors
- Handle on the backrest
