Product Data

Laboratory Cleaning Solutions in ready to use format, which eliminate the need for diluting solutions in-house, together with the associated risks of handling strong oxidizers, included in this range are:

- **Sodium Hypochlorite Solutions** which are recommended for general disinfection of laboratory equipment and apparatus, including benches, sinks, floors and contact surfaces.
- **Isopropanol Cleaning Solutions** being ideal for cleaning and decontaminating lab surfaces, production areas and processing equipment.
- **Ethanol Cleaning Solutions** are a high quality antimicrobial (bactericidal/viricidal) disinfectant, these products are highly effective in sanitizing laboratory, production and processing areas and equipment.
