Product Data

For the disinfection of flexible endoscopes in washer disinfectors for flexible endoscopes (RDG-E)

- Particularly user-friendly due to its low-odour formulation
- Excellent material compatibility, suitable for endoscopes of all leading manufacturers
- Free of formaldehyde and quaternary ammonium compounds
- Included in the IHO[2] list of virucidal products
- The products neodisher endo® CLEAN and neodisher endo® SEPT GA are perfectly matched: A possible carrying over of neodisher endo® CLEAN solution into the disinfection cycle has no negative impact on the disinfection performance of neodisher endo® SEPT GA.
- The automated reprocessing process with neodisher endo® CLEAN and neodisher endo® SEPT GA fulfills the requirements of DIN EN ISO 15883-4 in regard to a total germ reduction of > 9 log 10 in the entire process.
- Based on glutaraldehyde
- Bactericidal
- Mycobactericidal
- Fungicidal
- Virucidal
- In the process with neodisher endo Clean also active against spores (incl. Clostridium difficile)
